

# Rain Barrel Workshops 2023

Workshops are free of charge and are open to **Fulton County residents** who have not previously received a barrel. Only one registration is allowed per household. Each registered participant may bring one additional person from the household to the workshop presentation. Participants must attend the event to receive a rain barrel and kit. Barrels will not be built on-site, we will provide written instructions and a step-by-step installation video to all registered participants.

See below for dates and locations and visit our website to register:
